

“To achieve our ambitious vision of improving the way the world experiences healthcare, we seek partners who share and want to contribute to that shared vision.”

Dr. Cara English, DBH
CEO & Director of
the DBH Program,
Cummings Graduate
Institute for Behavioral
Health Studies

Our Story

Cummings Graduate Institute of Behavioral Health Studies (CGI) is dedicated to disrupting healthcare by preparing entrepreneurial integrated care professionals through innovative & affordable quality distance education programs, grounded in the Biodyne Model, and focused on delivering human-centered care, population health improvements, and medical cost savings.

Enrolling its first students in 2015, Cummings Graduate Institute for Behavioral Health Studies is one of a handful of nonprofit universities worldwide that grant the distinguished Doctor of Behavioral Health (DBH) degree, and it is the only university that exclusively focuses on the growing field of integrated healthcare.

CGI credits its origins to the work of Nicholas Cummings, Ph.D, Sc.D (1924 --), an American psychologist, author, and former president of the American Psychology Association (1979).

What We Do

Cummings Graduate Institute (CGI) delivers education and training exclusively focused on integrated behavioral healthcare in an online setting to healthcare professionals.

CGI's signature program, the Doctor of Behavioral Health (DBH) degree prepares doctoral level experts in integrated behavioral health.

Webinars, continuing education, and non-degree study are offered to groups, organizations, and individuals for professional development, training, and specialty study.

CGI's 100% online education and training in integrated care is affordable and flexible. We deliver the training you need when you need it, so you have more time to balance your many other responsibilities.

Get Involved

CGI welcomes new partnerships with organizations dedicated to advancing awareness and education of integrated behavioral healthcare.

We offer four avenues to partner with us to advance our mission, vision, and values:

Collaborate

Join forces with CGI to develop, launch, redesign, or increase awareness of an integrated care or integrated behavioral health model, service, or product within your organization.

Partner

Join together with CGI to gain access to high quality integrated behavioral health education and training for your organization. CGI partners can gain access to exclusive tuition benefits, custom courses, and training packages.

Promote

Love what CGI stands for? Be a champion of our institution by sharing CGI's offerings with your network.

Support

Contribute to the education and advancement of future Doctors of Behavioral Health by donating to our institution scholarship fund. 100% of your donations go towards student scholarships.

Our Advantage

As a lean and nimble organization, we are able to develop customized approaches, tailored to an institute or organization's specific needs and provide onsite evaluations to help launch or advance integrated care efforts and adoption.

80%

Of primary care patients that will accept a behavioral care referral in a PCP office

13-30

Years a life is shortened for those with severe mental health conditions

50%

50-80% of patients with depression and anxiety initially present physical symptoms

14

Half of all mental health disorders happen by age 14

2x

There are twice as many suicides in the US than homicides

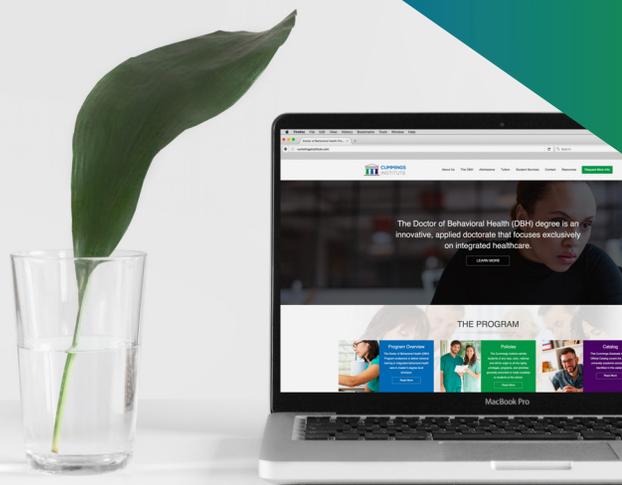

Next Steps

First, let us know how you'd like to partner with us by emailing info@cummingsinstitute.com or calling 480-285-1761.

We will then contact you to discuss next steps.

Both domestic and international partnerships are welcome!

Happiness is partnering with those who share our vision to change the way the world experiences healthcare. We look forward to welcoming you as our next partner!
